

Superior Court, County of Ventura

NOTICE

November 25, 2024

Implementation of Electronic Filing Effective December 9, 2024

Effective December 9, 2024, the Ventura Superior Court will implement permissive electronic filing of documents in Unlimited Civil, Limited Civil, Small Claims, and Probate case types.

eDelivery will no longer be available for submission of Unlimited Civil, Limited Civil, Small Claims, and Probate documents after 4:00 p.m., on December 6, 2024. For these case types, parties can also file by mail, in person (with an appointment), or in the drop box. eDelivery will continue to be available for submission of Family Law documents.

Electronic filing of court documents occurs through an Electronic Filing Service Provider, or EFSP. The filing party creates an account with the EFSP of their choice, uploads filing documents, and pays court filings fees and specific service or convenience fees to the EFSP. The EFSP transmits documents and fees to the court.

Check the court website regularly for Frequently Asked Questions, a list of approved Electronic Filing Service Providers, and additional information regarding eFiling that will soon be posted.
