

# **Superior Court, County of Ventura**

## **NOTICE**

### **8/25/25**

### **Transition to Postcard Jury Summons**

The Ventura Superior Court announces that the Jury Services Department has transitioned from the traditional long-form jury summons to a new postcard jury summons format.

This change is part of the Court's ongoing effort to reduce paper use and modernize the jury summoning process. The streamlined postcard summons will provide essential information and direct all prospective jurors to complete their jury questionnaire online.

Beginning Monday, August 25, 2025, prospective jurors will no longer receive a long-form paper summons by mail. Instead, they will receive a single, blue postcard with clear instructions on how to access and complete the required questionnaire electronically. Paper questionnaires will no longer be mailed.

The Court appreciates the public's cooperation as we continue to improve jury services and enhance efficiency. Jury service remains a vital civic duty, and we thank all members of the community for their participation.
